# DUTCH CUISINE

Using beautiful seasonal produce from Dutch and Frisian farms, our kitchen team prepares a surprising 3- or 4-course menu in accordance with the principles of Dutch Cuisine. We work with ingredients that are at their peak right now—locally harvested, sometimes available for only a short time, and carefully selected for flavor, origin, and quality. Predominantly plant-based, mindful in our use of meat and fish, and free of unnecessary additives.

With passion, craftsmanship, and a love for our craft, we bring the season to your plate. Enjoy your meal!
